INTERNSHIPS / WORK EXPERIENCE

1. Figment Global Solution Pvt. Ltd.

Aug 2024 - September 2024

Role : Intern, Software Development

Description: The **MERN Stack** is a set of technologies for full-stack web development, including **MongoDB** (database), Express.js (server framework), React.js (frontend library), and Node.js (backend runtime). It enables building dynamic web applications using JavaScript throughout.

2. Slash Mark Pvt. Ltd.

Jul 2023 - Aug 2023

Role : Trainee Frontend Developer

Description: A web development internship involves working on building and maintaining websites or web applications, using technologies like HTML, CSS, JavaScript, and frameworks like React or Angular. Interns gain hands-on experience with coding, debugging, and collaborating on real-world projects.

PROJECTS

1. **Weather Forecast:** Developed Forecast website using advanced tools.

2. **Bulk Mail Sender:** A bulk mail sender using React.js and Node.js involves creating a web interface with React for composing and managing emails and using Node.js on the server to handle email sending and processing.
